WORK EXPERIENCE

React JS Developer
Smartgig Technology Pvt. Ltd.

04/2022 - present   *Bangalore*

Achievements/Tasks

- As a React Developer, I successfully managed the GTMX Project and took complete ownership of front-end responsibilities. I have collaborated with a designer and product owner and led the GTMX UI part with high-performing production-level internal websites for MBRDI, catering to the needs of our esteemed client, Mercedes Benz.
- Led a team of three Front-End Developers and helped the joiner for the Kutumba website, successfully delivering two interactive and high-performing production-level websites from scratch for an internal project.

React Developer
Jykra Solution Private Limited

Lucknow

Achievements/Tasks

- As a junior developer, my primary responsibilities included contributing to the front-end development, collaborating with the team, and enhancing the user interface.
- my goal is to attain proficiency in JavaScript frameworks, particularly React, and develop a strong foundation in web development fundamentals.
